NOTICE

of an

Ordinary Band Meeting

to be held at the Naskapi Community Centre on 25 November 2026, at 5:00 p.m.

2027 Caribou Hunt – Information and Consultation Session

The Naskapi Nation Council invites community members to a meeting on the upcoming 2027 caribou hunting season to learn about the status of the Leaf River and George River herds, ask questions, and share their views on how the Nation should approach the hunt.

Agenda

1. **Caribou Herds – Population Status**
   Presentation by Vincent Brodeur, a MELCCFP biologist, on the status of the George River and Leaf River caribou populations.

2. **Cree Area of Primary Interest – Upper Limit of Kill for Caribou**
   Explanation and discussion on the upcoming Upper Limit of Kill of zero, representing a hunting moratorium, in the Cree Area of Primary Interest.

3. **Possible Referendum on the 2027 Caribou Hunt**
   Should the Nation hold a referendum to help set the community's direction for caribou hunting in 2027? If so, what should Naskapi electors be asked to vote on? For example, topics could include:

   - How many Leaf River caribou should be hunted with financial support from the Hunter Support Program?
   - Should a total hunting limit for the Leaf River herd be established in the Naskapi Sector?
   - Should a hunting moratorium for the George River herd be established in the Naskapi Sector?

   If it is decided to hold a referendum, Council will finalize the question(s) in collaboration with the Hunter Support Program Committee and fix the referendum dates. Possible dates are December 7, 8 and 9, 2026. Official dates would be postponed at least ten (10) days prior to the start of voting.

4. **Other Business**

***Dinner will be served. All community members are encouraged to attend and participate!**
